Disclosure Statement

The Truli for Health HIPAA Transaction Standard Companion Guide for EDI Transactions Technical Reports, Type three (3) (TR3) provides guidelines for submitting electronic batch transactions. Because the HIPAA ASC X12-TR3s require transmitters and receivers to make certain determinations /elections (e.g., whether, or to what extent, situational data elements apply) this Companion Guide documents those determinations, elections, assumptions or data issues that are permitted to be specific to Truli for Health business processes when implementing the HIPAA ASC X12 5010 TR3s.

This Companion Guide does not replace or cover all segments specified in the HIPAA ASC X12 TR3s. It does not attempt to amend any of the requirements of the TR3s or impose any additional obligations on trading partners of Truli for Health that are not permitted to be imposed by the HIPAA Standards for Electronic Transactions. This Companion Guide provides information on Truli for Health specific codes relevant to Truli for Health business processes, rules and situations that are within the parameters of HIPAA. Readers of this Companion Guide should be acquainted with the HIPAA ASC X12 TR3s, their structure and content.

This Companion Guide provides supplemental information that exists between Truli for Health and its trading partners. Trading partners should refer to their trading partner agreement for guidelines pertaining to Availity LLC, legal conditions surrounding the implementation of the EDI transactions and code sets. However, trading partners should refer to this Companion Guide for information on Truli for Health business rules or technical requirements regarding the implementation of HIPAA-compliant EDI transactions and code sets.

Nothing contained in this Companion Guide is intended to amend, revoke, contradict or otherwise alter the terms and conditions of your applicable trading partner agreement. If there is an inconsistency between the terms of this Companion Guide and the terms of your applicable trading partner agreement, the terms of the trading partner agreement will govern. If there is an inconsistency between the terms of this Companion Guide and any terms of the TR3, the relevant TR3 will govern with respect to HIPAA edits and this Companion Guide will govern with respect to business edits.

1 INTRODUCTION

The Health Insurance Portability and Accountability Act (HIPAA) requires that the health care industry in the United States comply with the electronic data interchange (EDI) standards as established by the Secretary of Health and Human Services. The Technical Reports Type three (3) Guides (TR3s) for the ANSI 835 Electronic Remittance Advice transaction specifies in detail the required information and formats. It contains requirements for the use of specific segments and specific data elements within segments and was written for all health care providers and other submitters. It is critical that your software vendor or IT staff review this document carefully and follow its requirements to send HIPAA-compliant files to Truli for Health via your vendor. The ASC X12 005010X279A1 is the established standard for Electronic Remittance Advice (ANSI 835).

1.1 Scope

This 835 Companion Guide was created for Truli for Health trading partners to supplement the ASC X12 835 5010 Technical Reports Type three (3) (TR3). It describes the data content, Truli for Health business rules, and characteristics of the 835 transaction. This section specifies the appropriate and recommended use of the Companion Guide.

1.2 Overview

The Health Insurance Portability and Accountability Act (HIPAA) require that the health care industry in the United States comply with the Electronic Data Interchange (EDI) standards as established by the Secretary of Health and Human Services. The ASC X12 835 5010 is the established standard for the electronic Health Care Payment Advice.

The TR3 for the 835 Health Care Payment Advice Transaction specifies in detail the required format. It contains requirements for the use of specific segments and specific data elements within segments, and was written for all providers, facilities, suppliers and payers and clearinghouses involved in the exchange of the 835 transaction. It is critical that your software vendor or IT staff carefully review this companion document in conjunction with the 835 TR3 and follow the requirements to successfully receive HIPAA compliant files from Truli for Health.

single, secure network. The Availity Health Information Network encompasses administrative, financial, and clinical services, supporting both real-time and batch EDI via the web and through business to business (B2B) integration. For more information, including an online demonstration, please visit availity.com or call 800-282-4548.

2.2 Trading Partner Registration

In order to register, you will need:

- Basic information about your practice, including your Federal Tax ID and National Provider Identifier.
- Someone with the legal authority (typically an owner or senior partner) to sign agreements for your organization.
- An office manager or other employee who can oversee the Availity implementation and maintain user id's and access.

2.3 Certification and Testing Overview

All trading partners and clearing houses should be certified via Availity. It is recommended that the trading partner obtain HIPAA certification from an approved testing and certification third party vendor prior to testing.

3 TESTING WITH TRULI FOR HEALTH AND AVAILITY

Truli for Health recommends that trading partners contact Truli for Health to obtain a testing schedule and or notify Truli for Health of potential testing opportunities prior to implementing any foreseen transaction impacts to the business flow of both Truli for Health and/or the trading partner.
